

LB08: Uchwyty klinowe

LBS827

Small manual wedge grip
Max. load 1 kN

LB256-10

Small wedge grip for
universal usage
Max. load 10 kN

LBS7-10

Small wedge grip for
testing of small
metal, plastic, etc.
samples.
Max. load 10 kN

LBS622

Small wedge grip
Max. load 10 kN

LBS127

Screw wedge grips
for difficult samples
Max. load 10 kN and
250 kN

LB243

Wedge grips
Max. load 20 and 50
kN

LBS1302-10- NOSH

Pneumatic non-shift
wedge grip for
sensitive specimens,
e.g. ceramics
Tensile force 10 kN
Clamping force 20
kN at 7 bar

LB204-50

Wedge grip to test
steel, plastic, wood –
round and flat
samples
Max. load 50 kN

LB224

Wedge grip for bigger samples
Max. load 50 kN

LBS527

Wedge grips
Max. load 20, 50,
100, 150 kN

LB175

Pneumatic wedge grips for complicated samples with low coefficient of friction such as hard steel foils, Plastic or rubber with fibers etc.
Max. load 10, 20, 50 and 100 kN

LBS321

Wedge grips for chambers
Max. load 10, 20, 50,
100, 250 kN

LBS1341

Non-shift wedge grip
with a closed back
side
Max. load 50, 100,
250 kN

LB109

Wedge grips
Max. load 100, 250,
300, 400, 500 kN

LB208

Wedge grip to testing
wide-width geotextile
specimens,
according to ASTM-
D4595
Max. load 250 kN and
350 kN

Special versions
